

CRISP Input Data Sheet / Indicators

Version 2.1A

Information	
Name:	Growth of urban land use
Description:	Yearly extending percentage of the urban land in relation to the growth in 1990s
Unit:	% (1990=100%)
Method of Measurement:	<input type="radio"/> Observation <input type="radio"/> Experimental testing <input type="radio"/> Calculation and simulation <input checked="" type="radio"/> Statistical analysis <input type="radio"/> Expert evaluation and estimation <input type="radio"/> Other (define)
S.D. Category	<input checked="" type="radio"/> ENVIRONMENTAL <input type="radio"/> Natural raw materials (water included) <input type="radio"/> Energy <input checked="" type="radio"/> Environmental pollution (waste included) <input type="radio"/> Land use <input type="radio"/> Bio-diversity <input type="radio"/> Odours <input type="radio"/> Noise <input checked="" type="radio"/> ECONOMIC <input checked="" type="radio"/> Economic development and finance <input checked="" type="radio"/> Urban and community services <input checked="" type="radio"/> Production and consumption <input checked="" type="radio"/> SOCIAL <input type="radio"/> Access <input type="radio"/> Safety & Security <input type="radio"/> Health and Well being <input type="radio"/> Community Responses and Human Capacity <input type="radio"/> Cultural heritage <input checked="" type="radio"/> INSTITUTIONAL <input checked="" type="radio"/> Governance <input checked="" type="radio"/> Justice <input checked="" type="radio"/> Ethical systems
Construction Category:	<input checked="" type="radio"/> Urban <input checked="" type="radio"/> Agglomeration <input checked="" type="radio"/> City <input checked="" type="radio"/> Neighbourhood <input type="radio"/> Infrastructure <input type="radio"/> Buildings <input checked="" type="radio"/> New <input checked="" type="radio"/> Refurbishment <input type="radio"/> Building products <input type="radio"/> Process
Type:	<input type="radio"/> Performance <input type="radio"/> Efficiency <input type="radio"/> Descriptive: <input checked="" type="radio"/> Driving force <input checked="" type="radio"/> Pressure <input checked="" type="radio"/> State <input checked="" type="radio"/> Impact <input checked="" type="radio"/> Response
Users:	<input checked="" type="radio"/> Planners <input type="radio"/> Owners <input checked="" type="radio"/> Developers <input type="radio"/> Designers <input type="radio"/> Contractors <input type="radio"/> Producers <input type="radio"/> Facility Managers <input type="radio"/> Users and inhabitants <input type="radio"/> Interest groups and associations <input type="radio"/> Public bodies <input checked="" type="radio"/> National <input checked="" type="radio"/> Regional <input checked="" type="radio"/> Local
Process phase:	Building process: <input checked="" type="radio"/> Planning <input checked="" type="radio"/> Property development <input type="radio"/> Design <input type="radio"/> Construction <input type="radio"/> Operation <input type="radio"/> Demolition <input type="radio"/> Disposal Manufacturing process: <input checked="" type="radio"/> Product development <input checked="" type="radio"/> Manufacturing
Objective:	<input checked="" type="radio"/> Diagnosis <input type="radio"/> Monitoring <input checked="" type="radio"/> Assessment <input type="radio"/> Design
Scope:	<input type="radio"/> Global <input type="radio"/> National <input checked="" type="radio"/> Regional <input checked="" type="radio"/> Local
System:	National Statistical Surveys; Urban Plans; Local Authority set
Restrictions and warnings for use:	In some cases the growth of land in urban use could be a legitimate and realistic solution
References:	NSI: Activities Relating Public Utilities of Local Interest (Yearly publication); Local evidence
Additional information and remarks:
